

# SPECIALIST ENRICHMENT ACTIVITIES

EACH WEEK WE WILL SHARE SPECIALS ACTIVITIES FOR YOU TO COMPLETE AT HOME

## Activities for the week of March 30 - April 3

### WEEKLY ART ENRICHMENT

Explore the world of Textile Art!

Textile means working with yarn, fabric or other fibers to create a work of art. Use yarn or old t-shirts to create your own weaving, or even use old t-shirt fabrics to create your own pillow or quilt. Can't find a sewing needle? No problem! Cut up old pieces of fabric or felt and glue on cardboard to create a textile collage! You can even paint on the fabric! Explore the possibilities! [https://youtu.be/AWLIy-Um7\\_0](https://youtu.be/AWLIy-Um7_0)

### WEEKLY PE ENRICHMENT

Create Your Own Bowling!

This week I am challenging you to create your own bowling lane and learn how to bowl. Please check out my blog post for the instructions/videos. Have fun😊

### WEEKLY STEM ENRICHMENT

Duct Tape Challenge

This week's STEM challenge will be a Duct Tape Challenge. For this challenge, you will be able to create whatever you want as long as it is primarily made out of duct tape! You will also be able to use other recyclable materials you can find around your home, but I want you to challenge yourself even more by trying to use as few other materials as possible. There are many great resources online that can be used to help you create something wonderful. Find some of those resources on Mr. Hanft's blog at <https://davisstem.weebly.com>.

### WEEKLY LIBRARY ENRICHMENT

Create a Book Review

Access Sora in Cobb Digital Library. Listen to or read one of the many eBooks or Audiobooks located in the collection. Write a review for Davis students who may also want to read the book. Tell us about the characters, setting, and plot of the book, but no spoilers!

# SPECIALIST ENRICHMENT ACTIVITIES

## WEEKLY MUSIC ENRICHMENT

Let's play some Quaver Games

**K-3 Dough Beats Game.** Create your own patterns and clap and speak them (using ta, ti-ti and shh) for your family. Extension: make your own dough and create your rhythms for your family to play.

**3-5 Note and Rest Game.** The better your get at this game, the faster the soccer note balls will be released. Once you have mastered this game on syllables, try it again using the note names.

<https://www.quavermusic.com/info/> (Games located under Music Theory.)

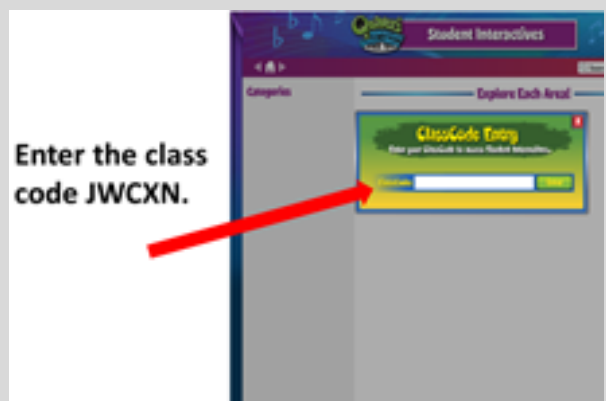

Look for lesson extensions and videos on

<https://www.facebook.com/Davistigersmusic/>

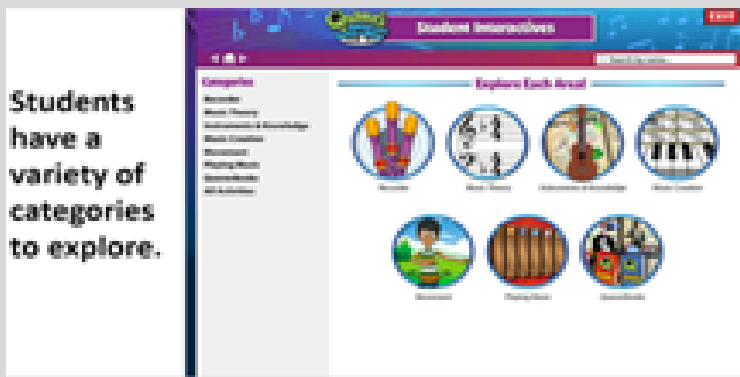

Want to learn about different music genres with Quaver? Try this virtual field trip: <https://youtu.be/V6BQhGYF8TE>

From the Quaver Music Home Page, select "Student Interactives".

Enter the class code JWCXN.

Students have a variety of categories to explore.

## WEEKLY COUNSELING ENRICHMENT

Practice Digital Citizenship

Being a good digital citizen means being responsible for what you say and do when you are online. This includes keeping everyone safe by not sharing personal information. It also includes being kind to others when online and reporting to a trusted adult if you see or hear anything that makes you feel uncomfortable. It is just as important to be kind and respectful when you are online as it is in your daily interactions with others. Remember to stop and think before saying things online and off. Play these games to test your digital citizenship knowledge:

**K-2 game:** <https://www.att.com/Common/images/safety/game.html>

**3-5 game:** <https://www.digitalpassport.org/>

## SHARE WHAT YOU ARE DOING

Show us what you have done on FlipGrid!

We'd love to see what you create or are working on for your distance learning specials. Share it with us on FlipGrid. Use your O365 account to login and post a video. <https://flipgrid.com/shaw7647>
