

Dear 3rd grade parents,

I hope everyone had a good first day of distance learning. Be sure to check out my website for a variety of STEM activities your family can complete at home. I would love to see any STEM projects or activities you are working on. To that end, below I have attached a QR code for Seesaw. If you have not used Seesaw, this website acts like a social media site for a classroom. While here students can upload draws of plans, photos of builds, and videos of their projects in action. Additionally, students can comment on others' work and leave likes when they find something interesting. To ensure student safety please do not post this QR code on the internet.

Can't wait to see your work,

Michael Hanft

For classroom use only. Do NOT post on social media.

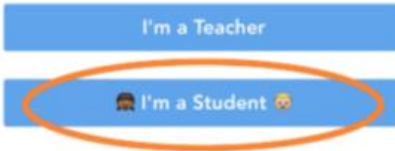

Student Sign In Instructions

3rd Grade

Open the Seesaw Class app. Or go to <https://app.seesaw.me> on your computer.

Choose "I'm a Student".

Scan this QR Code.

Do not photograph or share this code on social media.
