

SPECIALIST ENRICHMENT ACTIVITIES

EACH WEEK WE WILL SHARE SPECIALS ACTIVITIES FOR YOU TO COMPLETE AT HOME

Activities for the week of May 11 - 15

WEEKLY ART ENRICHMENT

Gallery Walk

During this week, I would love to see the artwork you have completed thus far, with a video of your "gallery walk." Remember, a gallery walk is when we show off in process artwork, or final artworks. It is a great way to share ideas with your friends! Please upload your gallery walk on our Specialist FlipGrid!! I'm excited to see all of your masterpieces!

WEEKLY PE ENRICHMENT

Fitness Monopoly

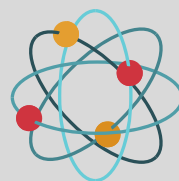

I hope everyone had a blast with the at home Field Day! Continue the family fun and play this version of Fitness Monopoly 😊 What is your favorite exercise? Click the link to my blog for the game board:

WEEKLY STEM ENRICHMENT

Stop Motion Animation

I know everyone has been doing a lot of reading during the last month. This week's STEM Challenge will be to recreate a scene from one of your books using stop motion animation. There are so many great free apps out there that will allow you to create a stop motion movie. You'll need to build a set to be your setting, find some objects to be your characters, and you might need something for props. Once you have your plan and materials, check out Mr. Hanft's blogs for guides on how to create a stop motion animation movie and post your creation to the Flipgrid!

WEEKLY LIBRARY ENRICHMENT

Read to Me

I hope you are doing lots of reading at home during digital learning and I hope you continue to read all summer! This week, I'd love for you to read part or all of your favorite book to me on FlipGrid. Looking forward to seeing what you're reading.

SPECIALIST ENRICHMENT ACTIVITIES

WEEKLY MUSIC ENRICHMENT

Ostinatos

Hi Tigers! This week I thought you would enjoy playing an instrument matching game. Once you are on the website, go to music symbols and then to the game to match the sounds to the instruments. Have fun!

WEEKLY COUNSELING ENRICHMENT

Empathy

Empathy is an important skill to develop. When you have empathy, you can understand how someone else is feeling and you care about their feelings. Many people and organizations are showing empathy during these challenging times. They know that some people are in great need because they can't work due to the quarantine. Others may be missing someone they love due to safety restrictions. Empathetic people care about what these families need and want to help. We can all do something to help others. Please view the below suggested videos that will help you further understand what it means to be empathetic. Think of ways you can help and encourage people in need.
